

WE'RE MOVING!

From the 5th December Code Club will be moving to the new MICTA Head Quarters at Barrule House in Ballasalla, not far from the Airport.

Exit the roundabout heading onto the estate and Sefton Express (right if going past the airport from Douglas or left if coming from Castle-town), follow the road round past the Sefton Express and bear left past Strix and Ronaldsway Engineering, down the slight hill and take the left before you reach FabLab, you will find Barrule House, signed MICTA at the bottom of this road on the right.

Any problems give us a call on 303765.
